

Curriculum Vitae

Jürgen Schlaht

CURRENT POSITION

Name of company

Siemens Mobility GmbH

Job position

Vice President Technology and Innovation Management

PROFESSIONAL BACKGROUND

After joining Siemens AG in Erlangen in 1984 as a sales engineer and project manager in transportation systems mass transit, Jürgen Schlaht worked in transportation area internationally in several functions. For example, he was subgroup leader of Rolling Stock within the turnkey project Metro Athens line 2&3. After that he had project and sales responsibility for mass transit products like metros and tramways in several European countries as well as electrical driven buses worldwide for some years. After that Jürgen Schlaht turned into the mainline railway business at Siemens AG, mainly responsible for market analysis, product strategy and product portfolio strategy.

Jürgen Schlaht was also responsible for elaborating and implementation of processes for requirements engineering and product life cycle management. Then Jürgen Schlaht was leading the department for Technology and Innovation for Siemens Rolling Stock.

Today he is Vice President for Technology and Innovation Management of Siemens Mobility GmbH. On European level he has several functions in Shift2Rail, EU-Rail, UITP, UNIFE and ERRAC, in function of Vice-Chair of the latter.

EDUCATION AND TRAININGS:

Jürgen Schlaht studied Electrical Engineering at the Friedrich-Alexander-University in Erlangen, where he graduated in 1984 as an electrical Engineer (Dipl.Ing.Univ.)

EXTRAS:

Jürgen Schlaht published several articles in journals of transportation sector, also he participated as speaker, keynote speaker and panelist in several national and international events around the rail and intermodal mobility sector.
