

Curriculum Vitae

Trommer, Stefan

CURRENT POSITION

Deutsche Bahn AG

Programme Manager Europe's Rail Deutsche Bahn AG

PROFESSIONAL BACKGROUND

2018 – today Deutsche Bahn AG

Programme Manager Europe's Rail at Deutsche Bahn AG, coordinating more than 30 cross-divisional projects under Deutsche Bahn's participation in the Europe's Rail Joint Undertaking. Responsible for programme steering, strategic alignment, stakeholder communication, management reporting, and DB representation in European innovation and research governance bodies.

2008 – 2018 German Aerospace Center (DLR)

Head of the "Technology Acceptance and Impact Assessment" group, responsible for management of national and European research projects and acquisition activities, as well as research on transport innovations and their effects on user behaviour and the transport system.

EDUCATION AND TRAININGS:

2001 – 2007: Study of Geography at Humboldt University of Berlin (Germany), specialised in Urban and Regional Planning and Transport Studies. Additional professional training in team leadership and team collaboration, project leadership, agile project management methods and the management of projects under the EU Research Framework Programmes.

EXTRAS:

Key Publications:

- A comparative study modelling autonomous vehicle impact on travel behaviour for Germany and the USA (L. Kröger, T. Kuhnimhof, S. Trommer, 2019) – Transportation Research Part A: Policy and Practice.
- Autonomous driving – the impact of vehicle automation on mobility behaviour (S. Trommer et al., 2016).
- Estimation of the value of time for automated driving using revealed and stated preference methods (V. Kolarova, F. Steck, R. Cyganski, S. Trommer, 2018) – Transportation Research Procedia.
- The new car market for electric vehicles and the potential for fuel substitution (A. Kihm, S. Trommer, 2014) – Energy Policy.
- Perceived usefulness of eco-driving assistance systems in Europe (S. Trommer, A. Hörtl, 2012) – IET Intelligent Transport Systems.
